

“Credit unions have long been recognized in our communities for wearing the ‘white hats’ by providing real value to our members. We are thrilled to extend our outreach effort through our REAL Solutions partnership with the Foundation.”

*Rick Pillow  
President, Virginia Credit Union League*

Virginia’s credit unions understand that despite the Commonwealth’s relatively low rate of poverty, thousands of our families still struggle to build the kind of real wealth that provides a secure financial future.

The Virginia Credit Union League is proud to have utilized the REAL Solutions platform to educate our credit unions about available products and services that make a tangible difference in the lives of member-owners, particularly our low- and moderate-wealth households and those who represent emerging markets.

Credit unions play a vital role in the economic health of our communities by providing alternatives to payday loans, mortgages for first-time homebuyers and financial education to our youth. The resources and education provided through our REAL Solutions initiative encourage and empower credit unions to make a difference in their member-owners’ lives.
