HELPING MEMBERS EVERY STEP OF THE WAY ALONG LIFE’S JOURNEY
MISSION
The Foundation works as “a catalyst to improve people’s financial lives through credit unions.”

VISION
The National Credit Union Foundation’s vision is making financial freedom achievable through credit unions. At the National Credit Union Foundation, we believe that all consumers should have the education, tools and resources needed to achieve financial freedom. Through Foundation grants and programs, credit unions provide widespread financial education, create greater access to affordable financial services, and empower more consumers to save, build assets, and own homes.

We do this by:
• Building financial capability
• Making financial education meaningful & engaging
• Igniting passion & instilling knowledge about the credit union difference
• Uniting resources to help credit union people during disaster
